Other Updates:

Construction in the terminal is still ongoing to modernize the building. This includes a cathedral type ceiling with recessed lighting. The existing carpet will be removed from the lobby and hallway areas which will be tiled with an imported Italian ceramic tile. Hopefully, all of this work will be completed by the end of the year.

Don't forget, Wireless Internet access is now available in the Terminal Building for anyone with a laptop computer with a need for this service (the transient pilots like it).

Guiding Principles for Driving Safely on the Airport

- Aircraft have the right of way **AT ALL TIMES.**
- Travel no faster than 10 MPH.
- Be vigilant—look and listen for aircraft.
- Comply with safety requests of airport personnel.

What's Happening

Incse you didn't notice, the cover page for the APV Update quarterly newsletter has changed.

The 2007 Apple Valley Air Fair was a great success. Many thanks to all the volunteers and Service Organizations that helped make the day run smoothly. We held a debrief meeting on October 24th and have scheduled the first meeting for the 2008 Air Fair on January 16th at 10:00 a.m. in the terminal conference room.

With the holidays quickly approaching, the High Desert Pilots Association are collecting gifts for children in need. The county of San Bernardino is placing a donation box in the airport terminal. Please have any contributions in the box by December 3rd.

Along with gifts for kids, a letter will be included in the December invoices asking for donations to support our troops overseas. By the time you receive this update, there should be a donation box located in the terminal. All donations are

San Bernardino County Board of Supervisors

DENNIS HANSBERGER - Third District
GARY C. OVITT - Fourth District

Director’s Corner

Bill Ingraham, AAE - Director of Airports

I joined the County airport team almost seven years ago and, since then, had the pleasure of working on a myriad of projects and issues at the County’s diverse array of airports. Now, after careful consideration, I have decided to terminate my employment to pursue other aviation opportunities.

The most significant opportunity involves participation, from the ground up, in the development of San Bernardino International Airport. During which time, I maintain the freedom to pursue other aviation related projects. This is an opportunity too exciting to pass up.

I have been considering this change for several months but put off a decision because of a desire to finish several of the projects I am involved with. I now realize I would never finish – as projects are completed, others take their place.

I very much appreciate having the opportunity to meet and work with the great people that are involved in and use the County airports – you!

To put it in aviation terms, I originally considered my flight with the County as the “final approach” to a “full stop landing” but have decided to do a “touch and go” and fly to an “alternate.”

Bill Ingraham, AAE
Director of Airports

Airport Commission Calendar

Nov. 29.....So. Cal. Logistics Airport

Dec.No Meeting

Jan. 23.....Location TBA

Feb. 28.....Location TBA

APV – Events Calendar

2nd Sunday monthly:
Aircraft Display Day.....9:00 AM

If you are planning a group gathering/meeting at your hangar and require gate access for your guests, please contact the Airport Manager’s Office.

Airport Property Leasing Opportunities

Information available at the Airport Manager’s Office.

Notice to Prospective Tenants

We have noted a significant increase in leasing activity, including assignments of existing leases and sub-leases with the County's airport tenants. The Department of Airports would like to remind prospective parties to such agreements to use prudent business practices while negotiating airport real estate transactions. The Department of Airports is required to review and approve all airport lease assignments and assumptions prior to execution.

Department of Airports

There have been some changes in the Department of Airports. First and foremost, Bill Ingraham retired as the Director. He is now working for San Bernardino International Airport, formerly Norton Air Force Base. Bill did not go far and can be a great source for information and technical advice if necessary. Bill left us with some departing words in the Directors Corner. In the meantime, James Jenkins, the Assistant Director has been appointed as Interim Director.

Also, John Frymyer has resigned as the Chino Airport Manager. Brett Godown, the department Operations Supervisor has been appointed as the Interim Chino Airport Manager.

Lastly, Ann Calkins, Executive Secretary to the Director has left the Department of Airports to assume a position with First Five, which is a children's help network sponsored by the county.

So as you can see, there are vacancies which have demanded more time and associated duties for the department staff.

Terry

Department of Airports Mission Statement

“The San Bernardino County Department of Airports plans, organizes and directs the County’s airport and aviation system to provide high-quality aviation facilities and services in a safe and efficient manner, optimizing the benefit to the communities and citizens of the County”
